### **Reasons for Allowance**

1. Examiner has reviewed and considered Applicant's comments as indicated on Applicants Pre-Brief Appeal Conference request dated (07/29/2011) and based on Applicant's arguments on pages 2 – 3 and in view of current prior art and most updated search, Examiner is hereby placing claims 1 – 11, 13 – 26 and 28 – 30 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

"...initiating a download of radio software designed for the first radio access technology of said communication device; selecting an available one of the first and second radio access technologies of said communication device for downloading said radio software; downloading said radio software via the available radio access technology wirelessly over the air; and storing the downloaded radio software designed for the first radio access technology in a memory..." as best illustrated by FIG. 4a and in such a manner as recited in independent claims 1, and 16.

Therefore, claims 1 – 11, 13 – 26 and 28 – 30 are in condition for allowance.

Art Unit: 2192

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
